Worldox GX[®]: Document
management without hidden
costs and complexity

The Best Way to Find, Use and Profit From All Your Information

Worldox GX is scalable enough to serve virtually any organization.

Over 3,000 law firms and legal departments of every size and specialty use Worldox, making it one of the world's top legal document management systems.

Worldox has earned Law Technology News and TechnoLawyer's Favorite Document Management System each, for four consecutive years. Worldox has the largest and most diverse installed customer base of any document management system in the legal industry.

Benefits

Lower direct and indirect costs throughout the entire lifecycle: Worldox costs much less than its competitors and Worldox maintenance upgrades are typically at no cost.

Exceptionally rapid and simple implementation: With Worldox you gain real business value in days or weeks not months or years.

Proven reliability over 20 years: Worldox GX's technology reflects everything we've learned in delivering state-of-the art document management systems since 1988.

Exceptional simplicity and usability: Worldox builds upon the basic file handling skills computer users already have using Windows Explorer.

Seamless support for all of your information: Worldox supports nearly all file formats including the new Microsoft Office Docx extension.

Unlimited flexibility and easy integration with your existing applications: Worldox provides a full range of solutions for integrating with your other business systems.
